About the Homebound Program

What is the homebound program?

This service is for people of all ages who live in the Orrville City School District and cannot get to the library because of illness, physical limitations or lack of transportation. There is no age restriction to qualify for this service, and depending on the situation, can be short-term or long-term.

With the help of our friendly staff, library materials can be selected over the phone. These materials will then be delivered to your home by our volunteers for a six-week lending period. Please note that DVDs have a one-week lending period and it is your responsibility to have someone return them to the library.

At the end of six weeks, or earlier if you're finished, the materials will be picked up. At the same time, new selections can be delivered to you.

What items are available?

Our entire collection is available to you. We can also request items from other libraries for those that are currently unavailable at Orrville Public Library.

Other than books, what does the library have?

We offer music CDs, magazines, large print books, DVDs, books on CD or MP3 devices, and foreign language books.

How do I sign up?

Simply fill out the registration on this form and return it to the library. A staff member will then contact you with details regarding your registration.

Please retain this portion for your records.
